SECTION 2: UPDATE EMAIL

TO: THE TEAM LEADER (RAHUL)

FROM: Devulapalli Kaushal

DATE: 27 SEPTEMBER 2026

Dear Rahul,

I am writing to give you a quick update on our current project status. As of now, the project is progressing smoothly according to our proposed plan. The client has also scheduled a meeting next Saturday to review our progress. The working-model flowchart has been submitted to the client for an initial overview. Mohan and Varun are currently unavailable for the next three days due to sick leave. Apart from this, everything is functioning as planned.

However, we are facing a few challenges during the workflow, including some difficulties in effectively using web and AI tools such as 3D Animator and Create.ai, along with software bugs in the tested working model. Our team is consistently working to resolve these issues so that we can complete the project by the deadline.

The project is expected to be completed by 30 September 2026. I will provide another update as we make further progress.

Please let me know if you have any questions or suggestions regarding the current project plan and progress.

Yours sincerely,
KAUSHAL
